SEEK Program

Mrs. Hunt and the SEEK winners along with some parent helpers Celebrate winning an award at the First Lego League competition in Casper.

SEEK students at RWE competed in First Lego League at Casper, Wyoming. They competed in four areas against 56 other Wyoming teams ages 9-14. SEEK students earned third place in teamwork and their robot came in the top half of the competitors. It was a lot of FUN and our team, "ThermopSEEK," hopes to return next year with a NEW robot design! Congratulations on your third place LEGO trophy!
